Unit 3: Critical Perspectives

Mark Scheme

Mark schemes are prepared by the Principal Examiner and considered, together with the relevant questions, by a panel of subject teachers. This mark scheme includes any amendments made at the standardisation meeting attended by all examiners and is the scheme which was used by them in this examination. The standardisation meeting ensures that the mark scheme covers the candidates' responses to questions and that every examiner understands and applies it in the same correct way. As preparation for the standardisation meeting each examiner analyses a number of candidates' scripts: alternative answers not already covered by the mark scheme are discussed at the meeting and legislated for. If, after this meeting, examiners encounter unusual answers which have not been discussed at the meeting they are required to refer these to the Principal Examiner.

It must be stressed that a mark scheme is a working document, in many cases further developed and expanded on the basis of candidates' reactions to a particular paper. Assumptions about future mark schemes on the basis of one year's document should be avoided; whilst the guiding principles of assessment remain constant, details will change, depending on the content of a particular examination paper.

Critical Perspectives (MEST3)

80 raw marks - 32 marks for Section A (AO1) and 48 marks for Section B (AO2)

Weighting: AO1 40% AO2 60%

Section A

Total 32 marks

This section assesses the following assessment objective:

AO1 Demonstrate knowledge and understanding of media concepts, contexts and critical debates

Section B

Total 48 marks

This section assesses the following assessment objective:

AO2 Apply knowledge and understanding when analysing media productions and processes to show how meanings and responses are created

These short answer questions are designed to encourage candidates to demonstrate knowledge and understanding of media concepts and the production contexts within which texts are produced (AO1).

Each question should be marked using the appropriate marking criteria. The list of suggested content for each question is not exclusive and candidates are not expected to refer to all of it in their answers.

MARKING NOTATION

Examiners are reminded that it is essential to notate while marking. It is not enough to tick every page of writing. Candidates can now ask to see their papers and they have the right to see how and why the mark their work was given was arrived at.

There follows a list of notations you should use. These should be written in the left hand margin alongside the relevant point to which they refer:

✓	Good point made
✓✓	Very good point made
L	Media Language
R	Representation
A	Audience
Inst	Media Institution
G	Genre
N	Narrative
V/I	Values and Ideology
R	Representation
NDM	New and Digital Media
Th	Theory
ID	Media issue/debate
WC	Wider contexts
ICS	Independent Case Study
Eg	Example
T	Terminology
F	Focus on question
CA	Critical Autonomy
Rept	Repetition
?	Questionable Point
Desc	Description

Summative comments must be made at the end of each answer. They must demonstrate that the mark scheme has been applied and clearly indicate the reasons for the mark allocated. It is useful to take these comments from the level descriptors. An example will be presented during the standardisation process of a 'Model Marked Script'.

POINTS TO REMEMBER

- Please mark positively at all times – take a “best fit” approach
- Use the entire spread of marks
- Reward use of appropriate media terminology (**not** language expression).
- Reward unusual responses when supported by specific reference to text(s), or consult your senior examiner
- Notes must not be marked
